

LEAMORE
WINDOWS
40 YEARS

The logo features the brand name 'LEAMORE' and 'WINDOWS' in a serif font, separated by a horizontal line. Above 'LEAMORE' is a decorative crown-like symbol. Below the brand name is a ribbon banner containing the text '40 YEARS'.

Leamore Windows, established in 1983, is a family-owned company renown for providing high-quality windows, doors and glazing products.

Suppliers to both Retail and Trade, Leamore Windows has established a reputation as one of the Midlands leading Fabricators. Our state-of-the-art manufacturing facilities based in Walsall ensure that all our products are made to the highest security and quality standards.

Leamore Composite doors are developed specifically for the UK market with a wide range of designs that appeal to the most discerning homeowner.

Tested to PAS24 and Approved Document Q standards, Leamore Doors offer the highest level of security with increased resistance to forced entry via reinforced GRP skins as standard and the latest high security lock innovations.

Our vast range of door styles and colours coupled with our in-house Glass design and manufacturing facilities, ensure that we can provide a Leamore Composite Door to your suit taste and budget that will compliment your home for many years to come.

Composite Construction and GRP Skins

The Leamore composite door is the minimal-maintenance alternative to traditional door materials. It has reinforced GRP skins, finished in either woodgrain or a smooth/etched finish that perfectly matches aluminium and delivers kerb appeal for any property. This door outperforms other market alternatives with outstanding thermal performance. Inside, the PU foam core reduces heat loss and is encompassed by an LVL (Laminated Veneer Lumber) subframe to provide strength and rigidity. The door protects the home from the elements and will have minimal thermal expansion and contraction rates under extreme temperature variations which is perfectly normal.

Exclusive Glazing Cassettes

The Leamore Composite door range uses FLiP®, the exclusive glazing cassette system with revolutionary Foam in Place technology, supplied by DoorCo.

Decorative Glass

Leamore offers the widest range of traditional and contemporary glass designs, along with exclusive collections, so customers have infinite options for their front door.

Glass Colour Options

The Lanesborough glass designs lend themselves to colour co-ordination of the glass to complement or contrast your choice of door colour. Choose from either Amber, Blue or Green borders.

High Security Locks

Leamore Composite Doors come fitted with a Ultion 3 Star TS007 Diamond secure Cylinder as standard. The Ultion 3 Star door lock has an additional hidden lock, another layer of protection against intruders. Encased inside a solid molybdenum core and secured with a dedicated retaining pin, the lock is triggered when signs of forced entry are detected – activating LockDown Mode™. Once activated, your home and family are safe and secure.

Thermal Performance

Leamore composite doors are thermally efficient by design.

The warm foam core allows the door to have a significantly better 'U' value than any other option on the market and our entire range meets with the requirements of the current Building Regulations.

Our full door range complies with Document L when using as a minimum a standard 3 chamber profile system & low aluminium threshold.

There are various upgrades to the glass options which increase the thermal performance of the door. To find the U-Value of you individual door set, please visit the Buildcheck calculator which contains the current Leamore door range.

Performance

A Leamore composite door offers a truly appealing entrance for any home, with a high-definition smooth or grained GRP outer skin that will look stunning for years to come. The door offers stability from the elements with its inner core of LVL encased with composite stiles and rails for protection against any water ingress. Our doors usually have a grained PVC edge to the hinge and lock side in either White, Chartwell Green, Anthracite Grey, stain or painted finish.

The inner core is manufactured from high density polyurethane foam, which offers exceptional thermal efficiency and will help to reduce energy bills in comparison with any other door on the market.

Security

We take security very seriously. A Leamore composite door comes with security features which stand up to current and future security standards, including PAS 24 in line with Approved Document Q.

The highest specification multipoint locks and Ultion 3 Star TS007 are fitted as standard to every Leamore composite door. Additional security handle combinations and TS008 letterplates are available upon request.

Multipoint mechanical and slam shut lock options are available on Leamore composite doors. Note that slam shut locks should be used with caution as the operation of these may not suit certain individuals.

Colours

With our high-performance paint technology we can offer any colour door which can even complement the colour options on frames. This provides a fantastic choice for the home. In most cases the doors come in white as standard on the internal side, however, for your own individual requirements we may be able to offer different or bespoke options, see our colour ranges on page 10 for more information.

Glass and Glazing

The visual impact of your door is enhanced by your choice of glass. Depending on the style, the units will be either a double or triple glazed unit.

The FLiP® glazing cassette system is re-glazeable and passes PAS 24:2016 security attack tests.

Endless possibilities.

FLiP® is the new door glazing cassette system developed by DoorCo® with a revolutionary Foam in Place technology that delivers a superior seal and aesthetic never seen before.

FiP® Technology

The pre-applied foam in place technology creates a superior seal that prevents any water ingress. FLiP® achieved over 1000pa through the glazing aperture during weather testing.

Flat Grained

Be eclectic by combining a woodgrain finish with a modern a squared-off flat profile that compliments a contemporary Flush or designer Monza II door.

Standard

The traditional choice with a moulded design and a woodgrain finish to suit a more conventional door design.

Flat Stipple

The modern one, with a squared-off flat profile and smooth stippled finish that perfectly matches Links, our aluminium-effect composite door.

Design and View Your Perfect Door...

With such a wide selection of styles, colours, hardware and glazing options available for your new door, it can sometimes be difficult to visualise what you need. Our door designer lets you do just that and even lets you upload a picture of your home to see exactly how your choices will look in reality.

You're the Designer

Choose your style, then your colour, completely change the look with the various glazing options and then complete the look with your choice of hardware. Don't leave it to guesswork, we can show you exactly how your choices will look in your home with our online designer. We'll take you through the choices, upload a picture of your home and superimpose the door you have designed to ensure your choice complements it perfectly.

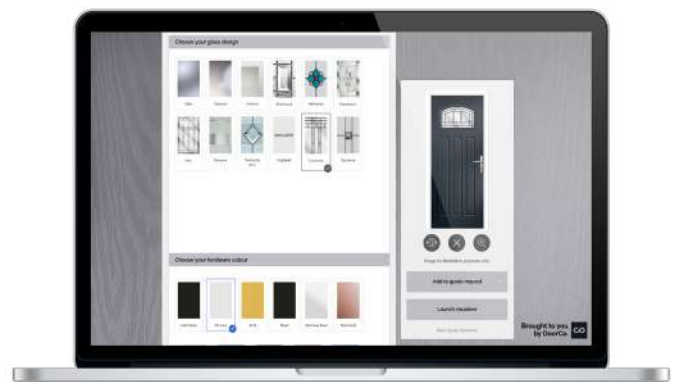

There are so many combinations that it's often difficult to know which ones are right for you until you see it in place. Make sure you make the right choices by designing your ideal door on our door designer.

Choose your Door Style

Choose your Door Colour

Choose your Glazing

Door Styles

A range of traditional doors designed to replicate the most popular timber doors and come with highly defined mouldings and realistic woodgrain embossing on the surface. Whether for a Victorian home, a modern townhouse or a farmhouse cottage, these doors always enhance to the appearance of the entrance.

Colour Swatches

Standard Colours

A range of 9 external colours with white interior as standard. Coloured both sides is a cost option.

Premium Colours

Our range of 37 premium colours finished in a Semi-Matt, Satin or Semi-Gloss sheen dependent upon colour.

RAL Colours

Any RAL colour* is available from Leamore as a special order. Here are a small selection of the most requested colours as an example:

New Patina Colours

An exciting range of 6 new patina colours are available exclusively on the Monza II door. See page 45 for details.

Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason. To ensure that you are getting the right colour on your door, ask for your Leamore colour swatch today.

* Some RAL colours containing luminous elements are unavailable

Glazing

Decorative Glass Options

Decorative Glass transforms doors and makes a personal statement. We offer a range of styles to suit all budgets and tastes from contemporary styling to traditional choices. All our decorative glass is manufactured to the highest possible standards.

4 Bevel

A simple glass design combining 4 clear bevelled glass squares and blackened caming that allows the light to flood.

Artisan

Striking and flowing elliptical shapes join an array of crystal clear diamond bevels to create a dazzling effect. Glue chip surrounding textures provide a perfect contrasting finish.

Astoria

An Edwardian era design created using a combination of rich coloured glass of varying texture. Encapsulated inside a triple glazed unit to combine traditional leaded glass with 21st Century performance.

Athena

The Athena gracefully combines brilliant cut lines and a clean sandblast finish. The understated half glazed model is a great option as a simple glass design for a back door.

Belgravia

A Victorian inspired repeat design with a delicate star motif set into a diamond pattern. The combination of etched and clear glass works beautifully well on this traditional timeless design.

Birchwood

The purity of this linear range draws its inspiration from Frank Lloyd Wright. Hints of cubism come together with leading edge glass technology to create a wonderful multi-textured finish.

Bloomsbury

An impressive large bevel cluster for those looking for a real feature statement. The Bloomsbury bevels will refract light beautifully and it's intricate detail is unsurpassed.

Carrington

Only available in our Carnoustie door, this simple design uses traditional lead on a stipple backing glass. The diamond lead design sits proud to the outer pane when glazed into the door.

Diamonte

Offset diamond clear bevels of the Diamonte design provide a particularly modern finish. This contemporary design is finished to the highest standard with zinc and soldered joints.

Essence

A 1930's style decorative glass design combining a range of bold heritage colours and textured glasses with blackened coming and traditional soldered joints.

Grange

Our Bullion uses new techniques to create a very deep cut and impressive look. The circular bands create prisms of light and the design works very well in all styles of property.

Hathaway

Antique coloured glass is joined using a stunning black came and weld. All is encapsulated within the insulated unit for easy upkeep and to protect the design.

Indulgence Grey

The delicately shaped clear glass bevels glisten against the etched glass and create a look of understated and tasteful elegance.

Lanesborough

Genuine coloured Spectrum Glass with blackened comes combine to create this stunning leadlight design, reminiscent of the Victorian era. With Lanesborough, you can now have all the benefits of traditional leadlights, with the performance and thermal properties you would expect in your door. Available in 3 border colours: Amber, Blue or Green.

Numbers*

A custom house number as a combination of clear and etched glass, is available on a range of standard glass sizes.

Optimal

Simulated divided lights create the look of individual panes of glass, whilst maintaining the performance benefits of a single double glazed unit.

Onyx

Beautifully handcrafted, the geometry of the brilliant cut recurring diamond motif, complemented by etch effect glass, brings privacy and security to your home.

Prestige

An ageless classic design with crystal cut bevels surrounded by a stipple backing glass. The design incorporates clean zinc lines and traditional welded joints.

Renaissance

'Renaissance' epitomises ultimate luxury. An ornate clear bevel cluster will shimmer and refract natural light beautifully. This lush option is available with the choice of a clear or black crystal cut border.

Stardrop

Stardrop features delicate star drops in a sparse pattern giving a high level of obscurity through the etched texture of the glass.

Tiffany

The Tiffany is reminiscent of designs used in the Victorian period. It uses a combination of vibrant coloured glasses against a background of softly rippled glass, with blackened comes.

Tranquility Zinc

This extremely popular model combines multiple cut bevels and striking backing textures all encapsulated with the insulated glass unit.

Trio Diamonds

The finest quality of hand crafted decorative triple-glazing with a contemporary zinc finish. Luxury crystal cut bevels are sealed securely between 2 panes of safety glass to ensure good looks for many years to come.

*Numbers is a bespoke glass design, customised to suit your number/letter requirements. We use a standardised font but the position and scale may differ according to the number of characters requested.

CONTEMPORARY

Artemis

Simple but extremely effective. The Artemis features an etched glass centre with a clear surrounding border. A strong option for both traditional and modern homes alike.

Aspen

This European style design is produced using high grade brushed stainless Inox elements, that are bonded to the centre pane of glass. This combination provides a unique contrast.

Aztec

A luxury triple glazed option, featuring modern black came with hammered and stipple backing glass. This crisp design offers very high levels of privacy and allows lots of light through any entrance.

Cubic

The concentric squares inside a band of sandblasted glass is a subtle take on our Vector design. The Difuso glass ensures high levels of privacy whilst maintaining light transmission.

Deco

Exclusively commissioned by glass artisans, Deco uses a sophisticated frosted backing glass coupled with clear dividing lines that create a simple, elegant and highly desirable contemporary design.

Halo

A stunningly simple design, Halo is created using hand cut glass centres, that are polished and bonded within a clear border. The contrast offers a beautiful combination.

Luxor

Intricate laser cut brushed stainless steel is inset within each triple glazed panel and located with zinc joining strips. A heavily embossed backing glass offers good levels of privacy.

Mercury

A modern clear design laced into an etched backing glass with feature clear glass bevels. Mercury has a chic look with the glass bevels sitting proud to the outer glass pane.

Milan

A modern yet understated, sleek decorative door glazing. A blend of deep cut glass bevels and 'reed' highly obscure backing glass combine perfectly to reveal an extremely alluring finish.

Panama

A sophisticated, contemporary design incorporating various glass textures with clear 'came' lines. Panama is a twist on lineal Art Deco period style.

Rhapsody

Rhapsody is designed to focus on European styling that suits the door that surrounds them. Contemporary, clean, simple etched designs that have proved very popular.

Synergy

A modern twist on a traditional technique, Synergy combines hand-cut textured glass pieces, contemporary fused glass elements and polished zinc coming.

Tokyo

Tokyo is designed to focus on European styling that suits the door that surrounds them. Contemporary, clean, simple etched designs that have proved very popular.

Vector

By combining Fusion glass tiles with small stainless steel elements and etched glass, Vector is a strikingly modern glazing option that is ideally suited for contemporary doorsets.

Victorian Border

Obscure delicately sandblasted glass combined with a crisp clear keyline gives Victorian Border a classical simplicity that is equally in place in contemporary and traditional doors.

Etch Lines

The simplicity of the clear lines against the etched effect gives a truly contemporary, minimalist look that combines privacy and design.

Graphite

Graphite is modernity at its best. Using the latest weld-free coming technology in stunning matt black, it is a modern take on decorative glass which will complement any contemporary door.

Hive

Hive has always been an icon of hard work, but more recently, promotes the ideal of togetherness. It's roots have been based in Manchester for centuries – but can be seen across the UK as a symbol of nature.

Impression

Stunning black chrome coming combined with satin and grey bevelled glass pieces, Impression makes a striking statement encapsulated inside a double glazed unit for easy cleaning.

Kew

Kew combines intricate bevel work and soft water glass against a background of obscure etched glass. The central flower motif will make a stunning focal point for any door.

Lotus

Using the 'weld-free' chrome finish aluminium comes, combined with bevelled glass pieces and etched Millenium glass, Lotus is a truly stunning yet simple design.

Louisiana

The complex bevelled design combined with stunning textured glass creates a design with undoubted kerb appeal and 'Wow Factor'.

DESIGNER

Metallic

Metallic is a brand-new innovation that combines a striking etched backing design with ultra-modern brushed stainless steel effect inserts. Perfect for those seeking the very latest contemporary finish.

Metropolis

Metropolis is inspired by the Art Deco designs of the 1930's and, with its bold design and colourways, it looks equally at home in both traditional and more modern door settings.

Peak

From the unique Jeyda design collection, Peak is a fabulously unique design with an array of colours and textures combined with fine black lines.

Quantum

Combining our soft acid etched Difuso glass with the deeper texture of the sandblasted design creates a modern, striking glass perfectly suited for contemporary doors.

Quadratum

The Etched glass squares with delicate clear circles inset in the pattern is a modern twist on the traditional etched glass style.

Skyline

A simplistic yet strikingly modern glass design, Skyline uses a combination of multi-width clear lines against a background of delicately sandblasted glass.

Space

Minimalist and stylish, Space is a modern geometric design of an etched glass design, offset with 3-dimensional black glass elements, encapsulated inside a triple glazed unit.

Tectronic

A truly contemporary design from our in-house designer Jeyda. The geometric shapes are combined with neutral greys and black glass colours to create a design unlike anything else on the market today.

Trinity

The multi-width lines of Difuso soft acid etched glass contrast beautifully with the deeper texture of the sandblasting to create a truly modern design.

Glazing

Clear or Obscure Glass Options

The majority of our door styles are also available in a standard range of 4 carefully Laminated Low-E patterned glass options or Laminated Low-E clear glass.

Minster

Minster pays homage to historic hammered glass and is most suited to period homes or more traditional door styles.

Stippolyte

The timeless appeal of this stipple effect glass makes it one of our most popular options. The surface texture offers very high levels of obscurity and the design suits most door and house styles.

Cotswold

A more heavily textured pattern resembling water cascading over a surface. It is one of our most popular patterns and is especially suitable for doors that require higher levels of privacy.

Satin

Satin glass is an acid etched glass that offers high levels of privacy. It is a very neutral finish similar to sandblast and is ideal for use in both traditional and contemporary doors.

Decorative Glass Availability

Our multitude of decorative glass designs and options, paired with a wide range of door styles enables you to personalise your door effortlessly.

Composite Door Sizing

Due to the number of PVC-u profiles available to produce our composite door, certain restrictions in size could apply. The sizes below are an estimation only of the typical range using a standard 70mm outer frame with a 50mm internal height and the definitive size range will be confirmed dependent on survey.

			Height	Height	Width
			with Standard PVC Cill	with Low Threshold Cill	
	Single Door	Minimum	2003mm	1983mm	823mm
		Maximum	2103mm	2083mm	1022mm
	Door with Single Composite Sidelight	Minimum	2003mm	1983mm	1278mm
		Maximum	2103mm	2083mm	1497mm
	Door with Single Glazed Sidelight	Minimum	2003mm	1983mm	1095mm
		Maximum	2103mm	2083mm	2145mm
	Door with Double Composite Sidelight	Minimum	2003mm	1983mm	1733mm
		Maximum	2103mm	2083mm	1972mm
	Door with Double Glazed Sidelight	Minimum	2003mm	1983mm	1368mm
		Maximum	2103mm	2083mm	3376mm

Part M Compliance

Technical Specifications

Leamore 44mm Door

- > Grained GRP SMC skins are available in a wide variety of styles and colours including wood stains
- > Stiles and Rails are manufactured from a water-resistant polymer
- > LVL is used as the main internal reinforcement
- > Skins and sub frame are bonded with a Urethane Adhesive Resin
- > The door is filled with CFC-Free Polyurethane Foam density 44.5 - 45.5kg/m³
- > Superior heat and sound insulation
- > Complimentary choice of grained reglazeable cassettes
- > Centre Pane Value of approximately 0.44
- > Doors have exceeded the requirements of PAS24
- > Q-Marked with full manufacturing traceability

Care and Maintenance

Your new door should keep safe and secure for years to come however with all products and especially those that are exposed to the elements we recommend that you carry out a care and maintenance routine.

- > Door frames should be washed with warm soapy water, however stubborn stains can be removed using specialist PVC-u cleaners and by following the manufacturers' guidelines.

Glass

All the double and triple glazed units used in our doors are manufactured to the highest standard and come with internationally recognised accreditations for performance, strength and thermal efficiency.

High Performance Secure Units

All units are made laminated to comply with Document Q. All units are manufactured to the EN1279 standard for quality of seal and life expectancy.

Thermally Efficient

All the clear or obscure glass units in our range have insulating features as standard. They are manufactured using low emissivity glass and the airspace is filled with Argon gas to give industry leading thermal efficiency. In addition, we only use warm edge spacer systems.

- > The door leaf should only be cleaned using warm water or non-aggressive composite door wipes. No solvent-based product or abrasives should be used as these will damage the surface of the skin.
- > External glass should be cleaned with warm soapy water and cleaned with a proprietary glass cleaner.
- > Hardware can be cleaned with a mild detergent and wiped clean. No harsh chemicals or abrasives should be used.
- > Maintenance of the door may be required to maintain any guarantees from the installer. Hinges should be lubricated with engineering oil. Cylinders can be lubricated with Teflon-based products only, as other oils may cause degradation. If necessary, a small amount of lubricant can be applied to the moving parts such as letterplates, handles and knockers.

Door Style: **Monza II Augusta Long**
Door Colour: **White**
